

ffmpeg -s 1024x768 -framerate 15 -f x11grab -i :0.0 screencast.mp4

The diagram illustrates the grouping of arguments in the command line using curly braces and numbered labels below them:

- (1) `-s 1024x768`
- (2) `-framerate 15`
- (3) `-f x11grab`
- (4) `-i :0.0`
- (5) `screencast.mp4`
